

CRISIS #flushyourmeds Scott Barry ;  
By Scott A. Barry / Scott A Barry / Scott Barry . . . ;  
"Every crisis is made up, due to Politics and  
Economics,  
e.g. Covid, Mental Illness which is a Pseudoscience,  
Global Warming  
which is not man made, energy, water, Trans Alaskan Oil  
Pipeline shut  
down intentionally, both world wars funded by  
Rothschild Bankers." . . . ;  
--Scott A-hole Barry . . . ;  
Firstly not every person is a public speaker, everybody  
plays a different  
role in life such as editorializing, ever thought of  
that ("NON-ISSUE") . . . ;  
Any egotistical A-Kisser will probably waste your time  
on that too . . . ;  
A-Kisser Drama Queen People pleasers are egotistical  
and raised up by  
the Public School System to blame White People for all  
of the worlds problems. ;  
One example is these people sound exactly like Liberal  
Democrat Commies. ;  
Again they just want to scapegoat and gaslight and make  
c\*\*\* up also . . . ;  
That is what narcissists do on the Democrat and Other  
sides of controlled  
Opposition as Both Parties Politically are Anti White  
and Anti Family . . . ;  
It is a paradigm controlled by Talmudic Zionist Jews  
and Martians . . . ;  
Let us start with the water crisis, Primary Water Dot  
Org is an Actual  
Website that is Archived, also Primary water is  
everywhere on Earth as  
water wells and there is not water crisis or Man Made  
Global Warming . . . ;  
The other way to get water that Costs More is Water  
from the BIOSPHERE using

Electricity, again Primary Well water is already everywhere on this Earth. ;  
Now we have Covid, Masks and Vaccines were useless, people still got sick even with the mask and vaccine, it was a waste of time, all of this is c\*\*\*. ;  
Masks Do Not Work. Vaccines Do Not Work. Lastly F\*\* COVID. It is Irrelevant.  
Data and Infrastructure aka QUALCOMM is more critical than that fear porn about Global Warming and COVID, that is the main point of this text. ;  
The last part we will cover is Energy, there is no energy crisis, because some globalists intentionally shut down oil pipelines over politics and economics and that includes the Trans Alaskan Oil Pipeline most Notably. ;  
Lindsey Williams has a book called The Energy Non Crisis, get it for free, do not buy it, get it as PDF, the guy quotes the Bible way to much, then you can watch his BS lectures called Secrets of the Elite another dumb one. ;  
So we've covered everything so far, it is all due to Politics and Economics, also Psychiatry is not a real science it is quackery, so mental illness is also a fake crisis, every other crisis is only taught to you in Public School as part of your Indoctrination or brainwashing, there are no crisis, COVID is just the flu, it is all a psyop, because Politics and Economics that simple.  
Now for Solar, Solar and Wind are useless, you want solar going when the sun is not shining you have to hook a kernel to cathode connection and play static

through the kernel, that is one way to simulate the sun, then a huge antenna to the cathode of a solar panel would also power it, then are noisey diodes such as microwave and High Voltage Diodes that generate power from antenna and Ground, then there are Amplitude Modulation Bands above normal AM Radio that are Naturally Occurring Electromagnetism that are known as the Schumann Earth Resonances that also generate free electricity from a HV Diode Coil, Antenna, and Ground, again another waste of time, lets say you want more energy, AC or DC voltage multipliers and jule theifs are easy to get, also jule theifs from bigger coils such as car ignition would make more power, then of course get a AC generator, hook it in front to a DC Motor, then a battery, generate smart current that does not overpower stuff, hook it up to a step up transformer on the AC generator side, there you go more AC Power, The reason why everything suck lets see, because Talmud Zionist Jews run every resource on this planet, including the patents, book publishing, the internet, and censor all the search engines in accordance to the ADL of B'nai B'rith, then you have Battery Tech, Saline Earth Capacitive Rubber Resistive Materials even Minerals are better and get more amp hours than fast reacting electrolytes, even paper does a better job, so you see people running stuff for days and days on saline when copper tin aluminum anode cathode you know common s\*\*\* head stuff, you see what we have now inefficient cars with batteries that catch fire, inefficient phones that explode and

catch fire, inefficient hover boards that explode and catch fire, all battery tech today is inefficient in every way and stuck in the past, stuck in the dark ages in accordance to The Protocols of the Learned Elders of the Zion and The Talmud ... ; B'nai B'rith of the ADL is a Freemasonic Kohen Jew Only Society of Pure Bloods ... ; They are there to arrest people over minor holocaust denial speech which is more irrational than any drug offence, we are talking the communist prohibition of speech. ; Radical Zionist Jews were the first to Desegregate and Open UP American Borders bringing in all of these Illegal Aliens and Foreigners that are unknown to us and do Human Trafficking. ; Majority of Human Trafficking is done by foreigners and blacks and not whites ... ; Now for battery technology Silicon Valley has a Self Pumping electrolyte and that is half the battle, most batteries just wear out, and any charging method you see to day requires extra energy, as Charles Manson Said, if you want a good example do not use electricity. ; Look at the stuff now, would you rather have a siphon hose charge your battery in three seconds, or wait one whole hour for mains to charge your battery, what I am sayin is Television, Sports, Music, Public School, Radio, even some Video Games, have all Indoctrinated all of the Goyim to believe in a fake Holocaust and for Holocaust Denial to be Illegal in Sixteen Different Countries, that is the most irrational law that has ever been in place. I have a Battle Badge that says on PVC CARD "HOLOCAUST IS HOAX. TALMUDIC JEWS. FLUSHYOURMEDSCOM.", this badge gets proofings denied on every made transaction with random companies such as Zazzle,

then you go to Vistaprint and they delay it as many days as possible or Flag Deny the Proof. ;  
What Stasis or Zersetzung does mostly now is NOISE Campaigns and Organized Stalking as well as Organized Harassment which has Ten or Twenty differnet methods and is done by the Sheriff's Dept.  
It is based on the Patriot Act and The FBI's COINTELPRO Program after Viet Nam Happened . . . ;  
Organized Stalking is illegal, yet somehow governments can get away with it, so funny lol. ;  
Voyeurism is a Mental Illness and they continue to do it anyways LOL, it gets old . . . ;  
The funniest thing is The Secret Government Sees through the walls when you Masturbate. ;  
As for the Domain Primary Water Dot Org it will be archived, an explanation of it is simple that are primary water wells all over the world and the fake crisis you realize it is fake after taking psychedelic drugs of course, you realize that the Public Schools are Indoctrination these kids with a bunch of c\*\*\* and it is all nonsense and severe profound brainwashing. ;  
The sad state of afffairs in society, is you end up paying and paying property, estate tax, a hefty rent, or you become homeless, then all you have is an Adriod Phone w no service . . . ;  
Copper OXIDE, Copper, Then Aluminumn or Tin or Silver will get you the Powerful DIODE that generates Solid Electricity at higher voltages to do this you need coil windings above the conventional Crystal Radio Amplitude Modulation bands aka Schumann Earth Resonances, you can even tune it to the wale songs and it will play those nice and loud through a stadium speaker at about ten volts AC Alternating Current, people are aware of all of this because of telepathy, remote viewing, remote influencing, and this is the system, everything is based

on Human Traffickers, Deep State Gate Keepers, Zionist Talmudic Shills, it is all exposed. ;  
The Martians and Talmudic Jews have destroyed this planet as we know it, it seems you cannot even get a patent on google patents such as a circuit for Negative Resistance or a Negative Resistor as this generates unlimited power, and not mention Negative Hydrogen, and Negative IONS all attract positive results aka it hydrates the body and makes you healthy oh well .. ;  
This weird planet is something, there are a bunch of Pro Zionist Gate Keepers Running it ... ;  
So you get a gas lamp, antenna, ground, there is a negative resistor, and all of this stuff, never ever makes it to google patents, it is all sabotaged by Talmudic Zionist Jews in Accordance to The Protocols of The Learned Elders of Zion and Talmudic Teachings ... ;  
Our books get sabotage and censored by Book Publishers even print on demand and small publishers such as Free Speech Press, Money Tree Publishing all have a BIAS to Censor said books. ;  
Then you have the internet, you have PERMACC, TOR, I2P, Freenet, Internet Archive, Archive Today, all of those are controlled and censored somewhat by Talmudic Zionist Jews, then even if bother with registrars, you get a better deal with a Home Server than you do a registrar, in some ways because six domain name registrars shut down judicial-inc dot biz and the only way to get the site back up was to have an independant server that was not a registrar such as what Scientology or The Council on Foreign Relations or Freemasonry or The ADL all do have their own servers instead of registrars and that shows in their WHOIS info if you go to INTERNIC dot Net ... ;  
Even cures for cancer are all BS, you can get rid of cancer real easily with simple multi day

Snake Juice Fasting for Ten or More Days, yet will not do that, so the sheep will die . . . ;  
So the PSYOP continues, forever and ever, never stops, continues non stop and never ends. ;  
You want a Permanent Five Volt Source that charges your phone, solar is not a good enough option unless you are in a van, saline is messy and uses up a lot of space, so the last option is obviously Paper Mario, of course it is what else would it be Neodymium Magnets, so your power grid has this stuff, the ground wire is a Keylogger and hidden microphone, the power grid is a Psychotronic Mind Control system and Scalar and Lilly Waves to Control YOU . . . ;  
Now another thing they screwed you with is DATA, you had physical Media such as BOOKS and Archival Format for Store Bought CDS and DVDS right, the CDS were more reliable than the DVDS and it only works good if it is Archival Format, then you have Solid State Drives, Ten Flash Drives at One Gig of Some Paticular Thing Locked in an Ammo Can Lock Box of Course and American Locks, Solid State Drives are the last good option, Hard Drives eventually the bearings on them wear out and the reader gets stuck and scratches the platter because all these physical things always fail so Solid State Drives are now cheaper, despite it being 2023 and Massive Inflation, and Joe Biden other c\*\*\*. ;  
Again other people bought SSDS before Biden and Inflation during Trump instead and got a better deal on Solid State Drives than you did so it does not matter anyways. ;  
The Stasis or COINTELPRO or Patriot Act System does not want you to enjoy yourself and just have fun, that is part of the game, Governments want everybody Docile, exactly,

Stupid, Servile, Pliable, Malleable, and Controllable,  
that is what Governments want. ;  
So the only thing people go with now is ARCHIVAL BLU  
RAY DISKS, ANY OTHER KIND OF  
ARCHIVAL DISK THAT IS BUILT OF PROPER MATERIAL TO  
WITHHOLD DECAY FOR MANY YEARS,  
Solid State Drives, and Ten One Gigabyte USB FLASH  
DRIVES FAT32 ONLY . . . ;  
Then the Internet has the other copies that actual  
employees at actual jobs  
take of for you and you either rent it or find a work  
around to publish the  
intellectual property sometimes with a price for  
proofs, sometimes not, it all  
depends on the platform and as an H20GPT AI model I  
cannot say S\*\*\* . . . ;  
--Scott A. Barry, Sudo passwd root, Tune2fs -O ^read-  
only ssdext4 . . . ;  
This is the Footer EOF use LUKS Fat32 NTFS EXT4  
Veracrypt as File Systems . . . ;  
This is the Other Footer EOF to Finalize this Stupid  
Drive! Typing . . . ;
